## Environmental Policy

Our company recognises the importance of environmental considerations and will take these into account at all stages of business planning, development, production and marketing whilst continuing to produce high quality products to our customer's specification and satisfaction.

In particular the following objectives will be pursued as far as reasonably practicable:

1. To comply with environmental legislation
2. Conservation of energy
3. Conservation of natural resources used in our manufacturing and dispatch operations particularly in the use of packaging.
4. Minimisation of waste in production and packaging.
5. Reduction of solvents in the workplace and atmosphere.
6. Provision of safe, clean and hygienic working conditions.
7. Reduction of noise levels to lowest levels practicable for employees and members of the public.
8. Safe storage and disposal of waste to meet "Duty of Care" requirements.
9. The responsible development, operation and maintenance of plant and associated processes to reflect the principles above.
